President's Newsletter March 2020

1...As you are aware we closed the club for a month because of the Coronavirus. But it is Government's decision at this time is to continue the Isolation at home policy, there is no time limit for the club to re-open. And when that is allowed, we will still have to abide by safe distancing Laws. And as the age of our members, place us all in the most vulnerable group, we may have to restrict even more than the normal population.

2...I have asked Clarence Valley Council, via Mayor Jim Simmons for a postponement of our \$410.00 per month rent. He agreed and forwarded that recommendation onto Council, as of yet no reply from Council. He alone does not have the power to implement.

3...I see that most of the panic buying has stopped, and the shop shelves are returning to normal. Both Woolworths and Coles have resumed home deliveries. Therefore online shopping maybe the better way of shopping for some of us.

4...It is now time to have our Flu Shots, if you have not as yet received yours it is time to do so.

5...Remember if I can be of any assistant please do not hesitate to contact me.

Please Stay Safe and Remember Social Distancing.
President Dennis
